1. In response to amendment filed on 10 July 2006, the amendment to the claims is accepted.

Reasons for Allowance

2. Claims 23-63 are allowed over the prior art of record.

The following is a statement of reasons for the indication of allowable subject matter:

In interpreting the claims in light of the specification and applicant's argument, and the Amendment filed 7/10/2006, as well as arguments presented in amendment filed 28 December 2005. Examiner finds the claimed invention is patentable distinct from the prior art of record.

The prior arts of record, Alcorn introducing an authentication method of a casino game data set using an authentication program using unique signatures. Alcorn in view of Hansmann introduces a mechanism for receiving a second encryption/decryption key on a secure information device.

The prior art of record, Alcorn in view of Hansmann fail to anticipate or render Applicant's particular feature that

"receiving at the gaming terminal a second non-resident security key separately from a first resident security key and the second encrypted electronic information; decrypting the second encrypted electronic information into a second decrypted electronic information at the gaming; terminal with at least the first resident security key and the second non-resident security key"

The dependent claims, being further limiting to the independent claims, defined and enabled by the Specification are also allowed.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
